

AUSTRALIANS! READ THIS BEFORE IT'S TOO LATE.

The Digital ID Is Not 'Convenience' – It's Control.

THEY SAY: “It’s just to make life easier.”

THE TRUTH: It’s the foundation of a SOCIAL CREDIT SYSTEM that tracks, scores and limits your access to services – all under the banner of “security.”

WHAT THE DIGITAL ID REALLY MEANS

- Every time you use it, your **DATA, MOVEMENTS AND SPENDING** are logged.
- Once cash is gone, your **DIGITAL ID BECOMES YOUR ONLY ACCESS** to money, healthcare, travel and online accounts.
- If your Digital ID is **SUSPENDED**, you lose access to **EVERYTHING. NO APPEAL. NO ESCAPE.**
- All data will feed into a **CENTRALISED GOVERNMENT SYSTEM** that can be shared with corporations and “trusted partners.”

THE PSYCHOLOGICAL TRAP

They’re selling it as “safe”, “voluntary” and “convenient”. But history shows every “voluntary” system soon becomes **MANDATORY**. Think MyGov, QR code check-ins and digital wallets.

WHY YOU MUST SAY NO

When your ID is digital, your freedom is conditional. The power to “turn off” your access will exist, and history proves that power always gets abused. This is NOT conspiracy – it’s legislation.

SAY NO TO DIGITAL ID. Your data is your freedom. Once you give it up, you won’t get it back.
